SUMMARY

Full stack web developer with a passion for innovative problem solving and a mobile-first focus. Experienced in developing, deploying, and maintaining functional web sites and applications using various coding languages and technologies. Skilled in web server management, domain management, and website performance analysis. Strong track record of working independently and collaboratively in remote work environments.

TECHNICAL SKILLS

Languages: HTML / CSS, JavaScript, PHP, SQL, C#

Frameworks & Libraries: React, Bootstrap

Databases: MongoDB, MySQL

Tools & Platforms: Figma, WordPress, REST APIs, AWS, Salesforce, WPEngine

EXPERIENCE

Web Developer

One Mnet Health

2021 – Present

Remote

- Design and develop new websites, pages, and features using WordPress, HTML, CSS, JavaScript, PHP, and C#.
- Manage and maintain existing websites, ensuring they are secure and functioning properly.
- Manage web servers, DNS records, and domains, including configuration, maintenance, and troubleshooting.
- Create patient payment portals and configure them for optimal performance and user experience.
- Conduct regular website audits and analyze website performance to identify areas for improvement.

Key Accomplishments:

- Completed and launched the rebranded onemnethealth.com website.
- Migrated all WordPress websites to WPEngine for improved performance and reliability.
- Combined Surgicare and patient payment portals and migrated them to a new AWS platform for optimal efficiency.
- Created 122 new patient payment portals, providing expanded services for clients.
- Acquired new skills in software, systems, and languages including C#, AWS, and Salesforce.
- Improve website load time by over 50% and implement innovative functions for optimal user experience.

Web Specialist II
GoDaddy

2020 – 2021
Remote

Worked with small businesses and self employed clients to design a functional website based on their needs. Helped build many websites with clients from start to finish of their build including initial build, revision and publishing.
